EAST Search History Update (USPAT, PGPUB)	7/30/08	JJ
M. Opsasnik (101 issues)	2/18/09	JJ
Claims 35-37 were reviewed for 101 issues, but are deemed to not be rejected under 101 since the preamble recites a plurality of computers at least two of which are coupled through a data communication network.	2/18/09	JJ
Claims 13-14 and 17-24 were reviewed for 101 issues but are not deemed to be rejected under 101.	2/26/09	JJ
M. Opsasnick (101 issues)	9/10/09	JJ
EAST Search History Update	9/10/09	JJ
M. Opsasnick (101 issues)	9/29/09	JJ
R. Dorvil (101 not deemed for independent claim 1 because the tokenizer, figure 7, element 704, is clearly a dedicated hardware and regarding independent claim 25, the claim is directed to the medium not the software ad since the medium is statutory, then the claim is statutory).	9/29/09	JJ
